

Name	Sung uk Jang
Affiliation	Cleveland Clinic
Country	USA
Major Field	Gastroenterology – Therapeutic Endoscopy

Educational Background
Undergraduate: University of Michigan Medical School: University of Maryland Residency: University of Maryland Advanced Endoscopy Fellowship: Cleveland Clinic

Professional Experience
2008 – 2010: Director of Therapeutic Endoscopy, Cleveland Clinic Florida 2012 – 2017: Assistant Professor, Case Western University, School of Medicine 2017 – Present: Associate Professor, Case Western University, School of Medicine 2022 – Present: Director of Endoscopy, Cleveland Clinic Main Campus 2022 - Present: Director of Therapeutic Endoscopy, Cleveland Clinic Main Campus

Main Scientific Publications
<ol style="list-style-type: none"> 1. Clin Gastroenterol Hepatol. 2022 Feb;20(2):e182-e195 Superiority of Self-Expandable Metallic Stents Over Plastic Stents in Treatment of Malignant Distal Biliary Strictures 2. Gut Liver. 2023 Mar 15;17(2):204-216 The Role of Endoscopic Ultrasound in Hepatology. 3. Clin Gastroenterol Hepatol. 2019 Jun;17(7):1295-1302 Superiority of Gastrojejunostomy Over Endoscopic Stenting for Palliation of Malignant Gastric Outlet Obstruction 4. Clin Gastroenterol Hepatol. 2017 Mar;15(3):446-453 Aspirin Use Is Associated With Reduced Risk of Occlusion of Metallic Biliary Stents 5. Gastrointest Endosc. 2018 Apr;87(4):1061-1070 Association of covered metallic stents with cholecystitis and stent migration in malignant biliary stricture 6. Gastrointest Endosc. 2020 Feb;91(2):385-393 Efficacy of digital single-operator cholangioscopy and factors affecting its accuracy in the evaluation of indeterminate biliary stricture 7. Clin Gastroenterol Hepatol. 2017 Nov;15(11):1776-1781 Efficacy and Optimal Duration of Metallic Stent in the Management of Refractory Anastomotic Stricture After Liver Transplantation

8. Gastrointest Endosc. 2025 Nov 29:S0016-5107(25)02210-2 Real-world outcomes of endoscopic ultrasound-guided tissue acquisition for actionable diagnosis in suspected primary or recurrent lymphoma
9. Endosc Ultrasound. 2025 May-Jun;14(3):142-150 Comparison of 4 first-line endoscopic biliary drainage modalities in distal malignant biliary obstruction: A systematic review and network meta-analysis
10. Endoscopy. 2026 Jan 9 Long-term follow-up results after the recanalization of completely obstructed benign biliary strictures using magnetic compression anastomosis
