

Name	Dong Uk Kim
Affiliation	CHA University Gumi Medical Center
Country	South Korea
Major Field	Pancreatobiliary

Educational Background
1994 - 2000 Pusan National University College of Medicine, M.D. 2001 - 2003 Pusan National University Postgraduate School, Master Degree 2008 - 2013 Pusan National University Postgraduate School, Doctor Degree

Professional Experience
2000 - 2005 Intern and Resident, Department of Internal Medicine, Pusan National University Hospital, Busan, South Korea 2005 - 2008 Military Service in Korean Army 2008 - 2010 Fellowship, Gastroenterology and Hepatology Section, Department of Internal Medicine, Pusan National University Hospital, Busan, South Korea 2010 - 2015 Assistant professor, Gastroenterology and Hepatology Section, Department of Internal Medicine, Pusan National University Hospital, Busan, South Korea 2015 - 2017 Postdoctoral fellow, Department of Pathology, UT MD Anderson Cancer Center, Houston, TX, USA 2017 - 2024 Associate professor, Gastroenterology Section, Department of Internal Medicine, Pusan National University, Yangsan, South Korea 2024 - now Professor, Gastroenterology Section, Department of Internal Medicine, CHA University, Pocheon, South Korea

Main Scientific Publications
<p>"Circulating nucleic acid associate with outcome of patients with pancreatic cancer" (Gastroenterology. 2019;156:108-118)</p> <p>"Characterisation of circulating tumour cell phenotypes identifies a partial-EMT sub-population for clinical stratification of pancreatic cancer" (British Journal of Cancer. 2021; 124:1970-1977)</p> <p>"Vimentin-Positive Circulating Tumor Cells as Diagnostic and Prognostic Biomarkers in Patients with Biliary Tract Cancer" (Journal of Clinical Medicine. 2021;10:4435)</p> <p>"Circulating Tumor Cell Clusters Are Cloaked with Platelets and Correlate with Poor Prognosis in Unresectable Pancreatic Cancer" (Cancers. 2021;13:5272)</p> <p>"Patient-derived Organoid Model for Predicting the Chemoresponse in Patients With Colorectal Cancer" (in vivo. 2023;37:1751)</p>

Seoul International Digestive Disease Symposium 2026

SIDDS 2026

Date Apr. 18.(Sat)-19.(Sun) 2026

Venue Grand Walkerhill Seoul, Korea

Navigating Towards the Optimum Digestive Care : Beyond Linguistic Barriers

“Ultrashort Cell-Free DNA Fragments and Vimentin-Positive Circulating Tumor Cells for Predicting Early Recurrence in Patients with Biliary Tract Cancer” (diagnostics. 2024;14:2462)
